What

What's telehealth? A service that helps you to reach a medical provider or therapist for a virtual visit by app, phone or online.

What's a visit fee? A fixed amount that you owe at the time of your visit. Review your member card to see yours.

Who

Who can use the service? Walmart Health Virtual Care is available to you, your spouse/domestic partner, and children up to the age of 26.

Who will I see? Medical care is provided by our licensed and board-certified physicians, physician assistants and nurse practitioners.

When

When should I use telehealth? When you need medical attention for a minor health concern anytime, day or night, at home or when traveling.

When can I use Virtual Care? Medical care is available 24/7—365.

How

How do I save more money? Walmart Health Virtual Care provides a convenient and less expensive alternative to costly ER and urgent care visits.

Where

Where can I use telehealth? Nationwide - from the privacy of your own home or office, online, over the phone, or by app.

Register online to start using your Virtual Care benefits:

- Request a virtual urgent care visit with a Walmart Health Virtual Care provider 24/7/365, review past visits, schedule a behavioral health visit, and when medically necessary, have prescriptions sent to a local pharmacy for pick-up.
- After activating your account online, download the MeMD App on your Apple or Android device to view your plan details and get care right when you need it: go.memd.me/app

Walmart Health Virtual Care (WHVC) offers medical consultations via telehealth to patients nationwide. Telehealth services may vary by state. Services are provided in accordance with state law by licensed medical professionals, subject to the licensed professionals' judgment. When medically necessary, WHVC providers may prescribe medication to patients; WHVC does not guarantee that a prescription will be written. WHVC is not a pharmacy or prescription fulfillment warehouse. WHVC is not an insurance product. Virtual Urgent Care visits are not a replacement for a primary care physician.
